

Infinity 200W UFO LED High Bay Light

Product Description

Transform your commercial lighting using our incredible Infinity 200W UFO LED High Bay Light from Mirrorstone Lighting.

Measuring 195mm in height, and 351mm in diameter, it beams out a gargantuan 20,000 lumens, using only 200W – a halogen of the same brightness would use 10 times the energy and consume 2000W!

The light is distributed at a 90° beam angle, making it suitable for both high and low bay use. It also comes with an IP44 rating, guarding it against splashes of water and foreign objects larger than 1mm and giving you additional peace of mind.

Product Features

• Lumens	20000 Lumens
• Power	200W
• Equivalent Wattage	2000W
• Input Voltage	220V - 240V
• Height (mm)	195mm
• Diameter (mm)	351mm
• Life Hours	50,000
• Beam Angle	90 Degrees
• Dimmable	Non- Dimmable
• IP Rating	IP44
• Warranty	3 Years
• Certification	CE, RoHS
• Brand	Mirrorstone
